ESSENCE of BALM of GILEAD,

GIVES immediate Relief in all CONSUMPTIVE and ASTHMATIC Complaints; and, if the LUNGS are not entirely deſtroyed, certainly performs a CURE, as Numbers can teſtify, who have experienced its VIRTUES; being a Chymical Preparation of the much-famed BALM of GILEAD, allowed by all PHYSICIANS to be the moſt excellent Remedy in the World for internal DECAYS, Difficulty of BREATHING, HOARSENESS, and ſtuffing up of the LUNGS. Sixty Drops of this ESSENCE convert a Glaſs of fair Water into the Nature and Property of ASSES MILK, blended and impregnated with the fine Balmy Ethereal Particles of the BALSAM, and poſſeſſing all its valuable Properties. This Account is not ſupported with an Air of Quackery, but grounded upon the Authority of the moſt Learned of the Faculty, and confirmed by the voluntary Declaration of various Perſons, to whom it has been adminiſtered, with the moſt ſurpriſing Succeſs, even in Caſes deemed INCURABLE. It guards the Body againſt the bad Conſequences of a freſh-caught COLD, and cureth the COUGH; prevents VAPOURS and Lowneſs of SPIRITS: Its Virtues are likewiſe extended to internal PAINS, WEAKNESSES, BLEEDINGS, and ULCERS. It is of ſo innocent a Nature, that it agrees with all Conſtitutions, ſtrengthens the STOMACH, creates an APPETITE, and helps DIGESTION; from which Complaints almoſt all Diſorders originally proceed. For a more particular Account, the Reader is referred to the Directions given with this ineſtimable Medicine, which is, by the Proprietor's Appointment (a regular and eminent Phyſician) to be had in London, only of Mr. Kearſly, Bookſeller, at the Golden Lion, in Ludgate-ſtreet, in 3 Shilling and 5 Shilling Bottles, and in the Country, of thoſe Venders whoſe Names are inſerted in the printed Directions.
